Certificates**Q:** What certificates do I need to attach?**A:** You need to provide copies of applicable business or operating licenses along with any building fire, safety and health licenses needed to operate your building.

L2(c) include copies of all applicable business and/or operating licenses as required by state and local laws and regulations. Offerors are not required to provide copies of the aforementioned documentation for proposed subcontractors; however, the offeror is responsible for ensuring that proposed subcontractors have all applicable business and/or operating licenses as required by state and local laws and regulations.

Q: I have a physical site in the catchment area. Can I submit a bid without an official business license as it is pending approval from the city?**A:** You must have a location with applicable business licenses within the catchment area in order to receive the award.

A physical location would be required in each catchment area. The contract requires "Offeror's (and any proposed subcontractor) site(s) at which services shall be provided must be located in catchment area."

Any offers submitted that do not have an office in the catchment area for us to visit will be deemed to be technically unacceptable and will receive no further consideration.

Any offers that propose locating a site IF awarded the services would NOT be considered.

Offerors may submit bids for multiple locations and services IF they can meet all of the requirements of the solicitation.

Q: The public website listed the wrong dates for the contract award and extensions.

A: The dates were incorrect. The correct dates are as follows:

The term of this Blanket Purchase Agreement is twelve (12) months beginning October 1, 2022, with a provision that shall allow the Government to unilaterally extend the agreement for an additional two (2) years, at two (2) twelve (12) month intervals, beginning October 1, 2023, and 2024, at the Government's discretion.
